[redacted] Comment. The information does not indicate any change in the occupation of the installations over the preceding report of early January. [redacted] The information confirms the 17th Gds Mecz Regt and the 240th Gds Mort Regt of the 6th Gds Mecz Div in the Artillerie Kaserne. It is worth noting that, for some time, no tanks of the 82d Gds Hv Tank SP Regt of the division stationed there have been observed in the installation. As, however, the installation has continually been reported occupied to capacity, it can be assumed that the regiment is still stationed in the installation. The Britz cantonment is carried occupied as previously by a light and a medium regiment of the 63d AAA Div [redacted]
